BRAUN MultiPress Z9 Citromatic Juicer - Enjoy the excitingly fresh taste of refreshing orange, grapefruit, tangerine, mandarin along with other citrus juices and enjoy the full range of complex vitamin C, as nature intended. You can even make your own refreshing lemonade, this juicer has a quick and efficient method of extracting the refreshing juices from citrus fruits with a 16-ounce capacity bowl. Not only takes the hard work out of juicing but allows you to adjust just how much pulp you want added.

<p>I gave this juicer top marks simply because it does everything I could want it to. It is simple to use and the juicer works really well. I have already recommended this juicer to my friends.</p>

<p>The Citromatic Juicer MPZ9 from Braun is brilliant. I particularly liked the sleek design and strong features. If I had to pick a fault it would have to be the price compared to other juicers on the market but all things considered I score it 9/10</p>

<p>I really like the fact you can give feed back on whichjuicer.co.uk and I was very pleased with the Braun Citromatic Juicer MPZ9. I gave it ten out of ten because it looks great and nice to use. It seems like it is well made and I would expect it to provide many years of service.</p>
